

Dark Horse folding ladder

✓ Professional use

- For intensive, professional use
- Multifunctional
- Stable as a result of wide, flared base
- Super lightweight, extra strong material

Dark Horse. Lightweight folding ladder for the professional

The Dark Horse is a lightweight folding ladder. Made from patented fibreglass synthetic material. The folding ladder is multifunctional: A-position, ladder position, scaffold position or wall position. The Dark Horse is a unique folding ladder which is suitable for any professional task.

With its broad, flared base, you are always safe and stable. The folding ladder is easy to transport thanks to its wheels.

Multifunctional

The Dark Horse is easy to set up in any position: in A-position, ladder position, scaffold position or wall position.

Stable and secure

Broad, flared base means you are always sturdy and stable. No matter which position you use.

Strong, lightweight material

Dark Horse - the only fibreglass steps on the market. Strong, lightweight material

Multiple positions, different heights

Position the folding ladder in the desired position so that you can reach the height you need to complete your job.

EN 131
