

## Falco single sided stepladder (FEO)

### ✓ Professional use

- For professional use
- Easy to use due to smart hinging system
- Increased sturdiness thanks to single box-profiled treads

## Falco (FEO) - single sided The steps for professional use

The Falco is designed for intensive use. The robust, shaped treads are ideal for any professional task. The self-unlocking hinging system makes the stepladder particularly handy and easy to use. Quick to use, quick to clear away.

The grey coating is not just stylish, it is also dirt-resistant and does not come off on your hands. Strengthening braces and large anti-slip feet ensure stability. The safety guardrail is not just safe, the tray on the rail also gives you somewhere to store your tools.

### Smart hinging system

Optimum ease-of-use! You can count on it thanks to the unique self-unlocking hinging system on the platform.

### Extra sturdy treads

The single box profile of the treads gives the Falco greater sturdiness. The high, rounded treads provide optimum support for your shins.

### Stable and secure

Large anti-slip feet provide reliable stability. Greater certainty, greater safety.

### Pop-riveted treads

The treads are fastened using pop-rivets. They can therefore be replaced easily if this becomes necessary.

## Product specifications

Item number	type	number of treads	foldable guardrail	storage length (m)	standing height (m)	max working height general (m)	weight (kg)	spread safety	floor surface (m2)	EAN
